**SUPPLIER AND BUSINESS PARTNER SUSTAINABILITY MANAGEMENT POLICY**

At Black Mountain Mine, we aim to oversee the activities of business partners and their employees in a way that protects the health, safety and welfare of themselves, Black Mountain Mine employees and others, and supports our policies in relation to sustainability and protection of the environment.

Black Mountain Mine strives to:

- Minimize risks associated with occupational hazards and prevent injury and ill health to contractor employees working on Black Mountain Mine sites;
- Proactively influence and encourage our suppliers and contractors to adopt principles and practices which are in line with, and support our own policies and Code of Conduct and ensure they comply with applicable legal obligations;
- Ensure appropriate and relevant information and instruction is made available to suppliers and contractors on sustainability matters;
- Maintain effective business partner management systems in place and we conduct evaluation of competence and sustainability performance prior to contract approval and throughout contract duration;
- Ensure that our supplier and business partner relationships are conducted in a fair, proper, and transparent manner.

Black Mountain Mine will measure and report progress against this policy and review performance on a periodic basis to ensure ongoing management of suppliers and business partners.
